# Bachelor of Business (Finance)

Finance is the backbone of any business. It draws upon concepts from statistics, economics and mathematics in order to help managers make sound financial decisions. As the economy keeps growing, services provided by financial managers will be in demand. Therefore, the Bachelor of Business in Finance offered by Cyryx College will help students develop and improve their critical thinking skills to solve complex financial problems.

Trained and experienced lecturers in the field will cover different, specialized topic areas such as financial markets and services, banking, taxation and audit and management and cost accounting. After the completion of the course, students can pursue a career in finance by working in analyzing financial information to produce forecasts of business, industry and economic conditions for use in making investment decisions.
